1. The following is an examiner's statement of reasons for allowance: the amendment filed 7/19/2005 has overcome the prior art of record. The prior art of record fails to teach or fairly suggest two squarers for squaring said two 90 degree phase shifted clock phases, so that said two 90 degree shifted clock phases have the same amplitude as one another as called for in claim 1. Therefore, claims 1 and 4-8 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
